

## Carton Sealing Machines

GM Pack Offers a variety of machines for this job from Semi Automatic to Fully automatic. These machines can also be integrated into an automatic packaging chain. Every machine conforms to the CE standards and has a robust structure which is demonstrated by the thicknesses of the materials used. We can also supply Flexible Belt and Roller Conveyers.

### GM MH-FJ-1A – Carton Sealer

This side-conveyor machine also includes a top conveyor system which eliminates the risk of boxes tilting.
